Mr. Jeff Sousa
Sousa's Landscape Management Co. Ltd.
2 Camp Hill
Southampton SN 04

Dear Mr. Sousa

Your recent contribution of assistance in scheduling Rotary was very much appreciated. Helping children of Bermuda enjoy having both parents involved in their lives is an objective we will continue to pursue for the benefit of our society.

Our educational forum at Bermuda College on "Social and Economic Benefits to Communities with Shared Parenting" on 25 April was the first initiative in our program to bring awareness to aspects of shared parenting. As we continue to inform the public on issues that benefit children, we hope that you will continue to assist us in providing awareness and counseling.

Your support and encouragement in this undertaking to assist children in having both parents involved in their lives is of vital social significance. We believe shared parenting is a more positive approach in the growth and development of our children.

Sincerely yours,

Edward Tavares, Treasurer and Co-Founder
ChildWatch
