Dear Mohammed,

DECK AT BOATSWAIN'S WATCH, ST. GEORGE

My husband and I are writing to Sousa's Landscape Mgmt Co. Ltd. to express our sincere thanks for the brilliant job carried out by Sousa's staff who have designed and created a beautiful wooden deck and stairway to our dock.

The results speak for themselves, but what we would also like to acknowledge is the professionalism of your staff. The job started when promised and was completed when promised. During the construction your staff caused absolutely no disturbance to our household, they kept the site spotlessly clean and tidy and were at all times a pleasure to have at our home.

We will certainly recommend Sousa's Landscape Mgmt Co. Ltd. to our friends and would not hesitate in employing you again on future projects.

Thank you for restoring our faith in the service industry in Bermuda!

Sincerely,

Barbara and Christopher West
