Dear Mr. Sousa:

I would like to thank you for your very kind gift of \$500 and your continued support of helping to finance my education at Mount Saint Agnes Academy.

During my first year at Mount Saint Agnes Academy, I have made a lot of new friends and I had very good teachers. My teachers were very helpful especially when they took extra time in helping me with my school work after school.

At Mount Saint Agnes Academy, I have learned a lot of new things. One new thing that I learned in math class is how to work out a discount. I also learned in social studies all about the Second World War.

This year, I participated in a couple of after school activities. I was part of the Mount Saint Agnes basketball team. I practiced with the team on Fridays after school and I also practiced on Saturdays on my own. I enjoyed playing on the team and we won a lot of games. The position that I played on the team was as a guard.

Every year, Mount Saint Agnes Academy has a fun fest. The fun fest helps to raise money to help buy supplies for the school. I helped out by making origami's and showing people how to make them. Making origamis is one of my new hobbies. My mentor, Michael Swain, introduced me to origamis.

Every October, Mount Saint Agnes Academy has a bazaar. Last year was the first time that I went to the bazaar. I enjoyed it! This year, the theme for the bazaar is "Around the World". What I liked about the bazaar was the dunking stool where you get to dunk a teacher or a student.

Last year was a fun school year I cannot wait to start the next one!

Thanks again for helping to make all this possible.

Best regards,

Luis Correia
