Dear Jeff,

I would like to take this opportunity to thank you and your company for so generously supporting our event this year in so many ways. Without the support of individuals like you there is no way that this event could happen at any level. For this everyone involved in cycling in Bermuda is extremely grateful.

As a small token of our appreciation we are presenting you with the attached autographed event poster, which has been signed by the winners of the elite men's and women's events. Russell Downing of DFL/cyclingnews.com and Stacey Marple of PAWB are wonderful representatives of our sport and the Bermuda Bicycling Association is thrilled that two so deserving individuals would be recognized with victories here in Bermuda.

There are many things to regret with an event that must be canceled for weather related reasons but of course we always look for the silver lining. I think this was best reflected in a comment made to me by a sponsor who summed up the abbreviated event as "a great opportunity to meet some new people". Truly this is the aspect of the Bermuda Grand Prix that stays with us longer than prize money, posters or mesh banners and the part that keeps us all coming back to the sport.

I greatly appreciate your personal commitment to cycling and the Bermuda Grand Prix and I hope that I will have the opportunity to work with you again in the future.

Yours sincerely,

Peter Dunne
Event Director
