

Good Morning,

It is with great pleasure that I send this note regarding our recently completed project at 28 Morer Estate Road, Smith's. I must convey our sincerest thanks to the entire Sousa's team. From the earliest design phase to the incredible finished product, it has been a pleasure.

We appreciate all of the hard work that was required to transform our yard into a functional and beautiful space. With an amazing attention to detail and a level of professionalism that is unparalleled here in Bermuda, I will call on Sousa's for all of our future landscape projects.

Regards,
Henry and Crista Komansky
