July 1st 2002

Dear Sir

It is with great pleasure that we write to say a huge thank you to Sousa's Landscaping. Your company recently 'Decked' our back garden and to say that we are absolutely delighted would be a huge understatement.

The crew involved was amazing. Always on time, polite and conscientious, went the extra mile, and even managed to keep the entire area neat and tidy throughout the project.

We were skeptical to say the least when told that the entire deck would be laid in 11 days and we were extremely surprised when it was actually finished, complete with landscaping and electric's in only 10.

To anyone wishing to contact us for a reference, please do not hesitate to supply our home number 236 - 1227.

Many thanks once again,

Jayne & Nicholas Jones.
