

January 30, 2002

To whom this may concern:

Mr. Jefferson Sousa's Company provided landscaping services for Elbow Beach Hotel since 1995. My cooperation with Sousa's Landscape Management Co. LTD is dated from October 2000

Elbow Beach Hotel property spans over 52 acres on Bermuda's South shore and requires quite extensive maintenance of the grounds. The grounds are cover with gardens surrounding our cottage colony and also include a golf putting green. Sousa's Landscape management Co. Ltd. maintained these areas with a regular scheduled programme which has made us confident to allow them full control of our landscaping.

Mr. Sousa and his team have always maintained our property to best of the standards. His team provided not only a routine landscaping maintenance and grounds management but also selection of the most suitable for our property plants, trees and flowers. In addition, Sousa's expert advice and management of such matters as stepping-stone paving, selection of proper landscaping methods and beach erosion have been an asset to us in our continuous endeavour to project our property as a first class resort.

In view of above considering my experience with the Sousa's Landscaping Management Co. Ltd I would not hesitate to recommend Mr. Jefferson Sousa ant his team for any landscaping project.

Sincerely,

Janus M Wypior  
Director of Engineering
