

# POWERSCOURT

August 7, 2000

**To whom it may concern.**

I have used, and continue to use, the services of Gavin Corcoran and his team from Sousa's Landscaping Management Company Limited at my home in Devonshire which we moved into last November.

The property required extensive work around the gardens and I was delighted with the efficiency and quality of services received from all of the people involved. I was also impressed with the in-depth knowledge of plants, trees etc. of Mr. Corcoran as well as his suggestions for the property.

I am pleased to recommend both Sousa's and Mr. Corcoran to any of their future clients.
