

## About the Company

Imagine turning your property into a destination - a vibrant landscape blushing with flowering plants, tall, strong trees, green hedges and a rich lawn where you can linger in a gazebo, wander through sculptures, throw pennies at a bubbling fountain or simply flow by a stream.

Now imagine a full service landscape team that's every bit as passionate about your property as you are. As specialists in landscape design, irrigation, horticultural maintenance, and the only design and build landscape company in Bermuda, Sousa's Landscape Management Co. Ltd. recognises your garden as an extension of your home or business. Having led the local landscaping industry for over 20 years, we understand that well-crafted landscapes substantially increase the value of your property and enhance your quality of life.

At Sousa's we strive to understand your landscaping needs and how they fit with your residential or business objectives. We recognise the investment you are making and can literally make sure it grows for you.
